Summary

I am a Front-End Developer with 3+ years of experience building responsive, high-performance web applications using Next.js, React, and TypeScript. I specialize in creating intuitive user experiences and have a strong grasp of modern tools like Redux Toolkit, Zustand, Tailwind CSS, and RESTful APIs.

I've collaborated with cross-functional teams to deliver scalable solutions, improved app performance, and maintained high code quality. With hands-on experience across multiple frameworks including Vue.js. I'm committed to writing clean, maintainable code and staying current with industry best practices.

Aside from my technical skills and capabilities, I am also a strong communicator, empathetic, and can adapt easily to a new team and culture. I am a very analytical person and an excellent, dedicated problem-solver.

Skill Highlights

Languages

- React, Next.js, Vue.js, TypeScript, Tailwind CSS

- English (Fluent)

Experience

Frontend Developer - 12/2024 to Present
HelloMe Money, London, UK *(Remote)*
- Collaborated on the core Admin Panel powering transaction, payment, and customer management operations, improving overall service efficiency by 30%.
- Implemented the Business Account feature, enabling individuals and enterprises in Nigeria, the EU, and the UK to own secure multi-currency accounts.
- Built and integrated HelloMe Travels, offering flight, hotel, and car rental bookings with user-friendly search and secure multi-currency payment options through external API integrations.
- Developed HelloMe Consult, helping users access global visa, education, and travel opportunities through interactive and accessible UI experiences.
- Translated Figma designs into responsive, pixel-perfect React and Next.js interfaces, maintaining strong alignment with UX guidelines and accessibility standards

Frontend Developer (Internship) - 11/2024 to 02/2025
Paramount Students, Istanbul, Turkey *(Remote)*

- Developed front-end client Application using Vue.js.
- Worked closely with product manager to translate business requirements into technical solutions.
- Optimized web performance and accessibility across devices and browsers which improved load performance by 30%.
- Cooperated diligently with other IT team members to plan, design, and develop smart solutions which lead to efficient team communication.
- Collaborated in agile sprints, participated in stand-ups, sprint planning, and retrospectives

Frontend Developer (Internship) - 06/2024 to 11/2024
Fàbú, Lagos, Nigeria *(Remote)*

- Served as the sole Frontend Developer, collaborating closely with backend engineers to build a storytelling platform offering a wide range of interactive stories for kids and teens.
- Developed the platform using React, TypeScript, TanStack Query, and Tailwind CSS, ensuring a responsive, performant, and accessible user interface.
- Integrated Paystack and Flutterwave payment systems to enable seamless and secure transactions for premium story content.
- Worked across multiple API endpoints and optimized state management to deliver smooth data fetching and efficient component updates enhancing overall app stability by 30%.

Frontend Developer - 10/2023 to 03/2025
Condueet, Lagos, Nigeria *(Remote)*

- Developed front-end client Application using NextJs, React and Redux.
- Worked closely with product manager to translate business requirements into technical solutions.
- Lead the frontend development team
- Integrated tools like Docker and GitHub Actions for smoother development and deployment workflows.
- Collaborated with team members to ensure that relating features on each sprint meets product requirement.

Frontend Developer - 07/2021 to Present
Freelance, Lagos *(Remote)*

- Delivered frontend development for Trucki, a Nigerian AI-powered haulage infrastructure platform connecting cargo owners and truck drivers through a tech-enabled marketplace.
- Developed akfasasi.com which specializes in implementing innovative solutions to build strong businesses and projects that deliver consistent returns to investors. View my profile.

Education

University of Lagos (UNILAG) – Jan 2020 to Sept 2025
